On January 21<sup>st</sup> 2016 at appx 2011 I was dispatched to investigate an assault that had occurred at Cascade Behavioral, located at 12844 Military Rd S in Tukwila WA.

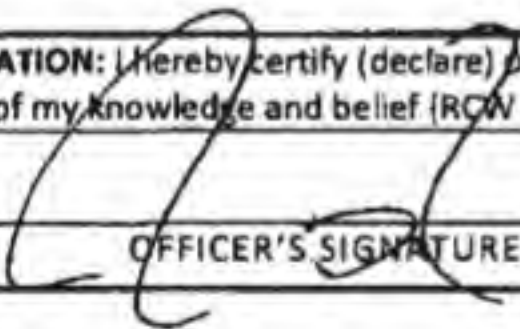

I arrived and spoke with the victim, [REDACTED] 7D. She told me that she is [REDACTED] 7D in [REDACTED] 7D. [REDACTED] 7D was working with a new patient, [REDACTED], that had just been moved to that facility after spending around ten days at Good Sams. [REDACTED] 7D told me that [REDACTED] had tried to leave against doctor's orders and she and other employees had to block his exit. [REDACTED] 7D told me that [REDACTED] became physically resistive to staying at the facility and, as she tried to keep him inside, [REDACTED] grabbed her by the hair and took her to the ground. [REDACTED] 7D said that her scalp hurt and that her neck had become stiff as a result of [REDACTED]'s actions. Another employee had administered a shot that had calmed [REDACTED] and they placed him back onto his bed.

I then spoke with [REDACTED], who was under the covers of his bed. [REDACTED], born in 1938, told me that he had suffered several strokes in the recent past and hadn't been told why he was being "held against his will" at Cascade. [REDACTED] spoke with difficulty and appeared to be confused throughout our conversation. He told me that he just wanted to go home and he believed that he had been kidnapped. He didn't speak of assaulting [REDACTED] 7D and didn't seem to remember it.

I spoke with another employee and he stated that [REDACTED] was in the process of being diagnosed with "psychotic episodes" that might lead him to confuse his internal thoughts with the reality that surrounds him. [REDACTED] told me that she didn't believe that [REDACTED] was suffering from a psychotic break at the time of the assault.

Because of [REDACTED]'s mental state and his advanced age, I did not arrest him. Rather, I am forwarding this case to the prosecutor for his review.

**CERTIFICATION:** I hereby certify (declare) under penalty of perjury under the laws of the state of Washington that this report is true and correct to the best of my knowledge and belief (RCW 9A.72.085).
